Dear Nurse Wang
Perak Palliative Care Society,

We wish to
thank you for the loving Care that you showed
to my Father during his last months & weeks
of his life, and to my Mother with your gentle
words of encouragement and support.

As a Family we
are indebted to you for your tireless and
valuable work. We were unable to be
with my Parents, so my heart took comfort
knowing they had you near them.

As an only son,
my wife and children, would be grateful
if you could accept a yearly donation
sent from Australia.

Forever grateful
Patrick Yew
and Family
